

**Perry County Fiscal Court**  
**Executive Action to Enact the annual CPI provisions of**  
**Water and Sewer Ordinance 007-2021**  
**Series 2021**  
**Adopted on June 29, 2021**

Per page one paragraph seven (7) of the above ordinance that reads as follows:

“WHEREAS, it is determined to be in the best interest of our customers that the Perry County Fiscal Court, Hazard, Kentucky, to incorporate into Ordinance No. 007-2021 Series 2021, to allow for an annual CPI based rate increase to be levied effective July 1<sup>st</sup> of each year following Fiscal Year 2022 and beginning with July 1<sup>st</sup> 2022 adding a % increase, equivalent to the annual Consumer Price Index “CPI” to all water and wastewater service/delivery rates including all service installation and associated fees;”

I, Judge Scott Alexander, after having waived the CPI based rate increases for the years 2022 and 2023 due to continued negative economic impacts of COVID and inflation now do hereby make affective the above clause utilizing the year-to-date (YTD) June 2024 CPI per the US Department of Labor Statistics of three percent (3%) with corresponding across the system rate increase beginning with the February 2025 billing for water / sewer services for the month of January 2025 water / sewer billings and carrying forward until the next CPI adjustment.

Authorized under my signature and by witness this 5<sup>th</sup> day of December 2024.
